

February Comfort Block of the Month

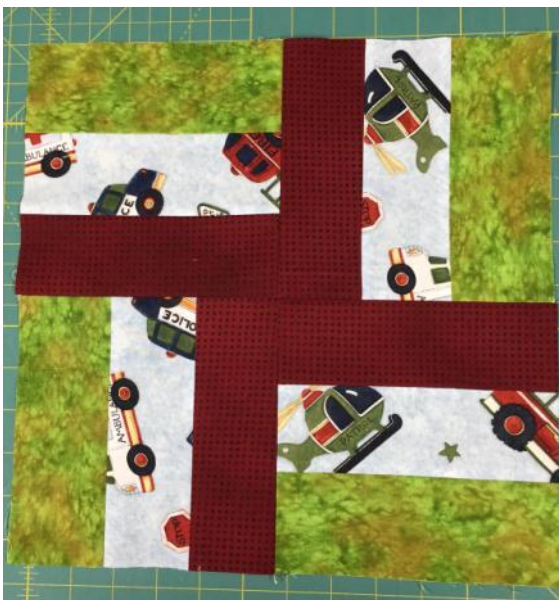

Four Part Strip Block

The comfort quilt committee needs comfort quilts with a juvenile theme. This month's block is great for 2 1/2" strips of juvenile prints. This makes a 12" block and is part of the *Rail Fence Family*.

Cut three strips 2 1/2" wide from your favorite fabric. The strips need to be at least 26 inches long. Sew the three strips together, right sides together along the long edges as shown.

Cut this long pieced unit into four 6 1/2 inch squares. Rotate the squares so they lay out like the picture at right. Sew two horizontal rows, alternating pressing direction by row. Join the two rows and you have finished your block.

Your squares will look different depending on the color value of your strips.

ENJOY!!

UFO Challenge

February is time to finish Number 8
