

Mr. Roosevelt's Necktie

This makes a 12 block. The comfort committee is in need of juvenile quilts so find some cute kid prints for your bowtie!

Use a white or white on white background for the LIGHT squares. You will need to cut

6 – 3 ½” print squares and **8** – 3 ½” white squares

Create 2 half square triangles with a print side and a white side using your favorite method for half square triangles. The two finished half square triangles need to measure 3 ½ “by 3 ½ “.

Arrange the squares according to the picture.

Sew the squares together in rows, then the rows together to create your block.

The instructions for this block can also be found at www.quilterscache.com/M/MrRooseveltsNecktieBlock.html
