

## ARROWHEAD PUZZLE

The comfort quilt committee still needs quilts with a more masculine theme. This 12 inch block works up quickly and is easily created with more masculine prints.

Please use an off white or a cream on white for the light squares.

Cut eight 3-1/2 inch squares from cream or white on cream fabric

Cut six 3-1/2 inch squares from a masculine print

Cut two 3-1/2 inch squares from a dark contrasting print.

Arrange the squares according to the picture. Sew each row together using a scant 1/4 inch seam. Then sew the rows together and you will have your Arrowhead Puzzle block completed. That was so easy, let's make about four more.
