

## The Kitchen Woodbox for November

The comfort quilt committee is in need of more juvenile blocks so this one should work really well. This makes a nine and 1/2-inch block. (nine inch finished)

Choose two bright colors and a white or white on white fabric.

**For this example; the large print is color 1, blue solid is color 2 and the white center square and half triangle is 3.**

Cut a 2" strip from both colors 1 and 2 at least 15 inches long.

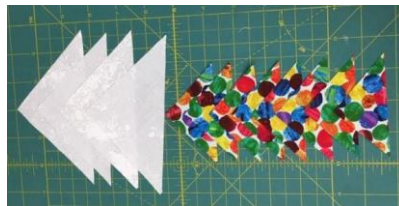

Cut four 2 3/8-inch squares from color 1.

Cut four 2" squares from color 2.

Cut two 3 7/8-inch squares **and** one 3 1/2 square from 3 (white).

Cut the two white 3 7/8 inch squares the four color 1 squares in half on the diagonal.

Sew the color 1 and 2 strips together with a 1/4 inch seam. Then cut the strip into four 3 1/2 inch square units.

To make the clock's corner units, sew a Color 1 half square triangle to the left and top edges of a color 2 - 2 inch square, pressing seams toward the triangles.

Add a Color 3 (white) half square triangle to the pieced triangle, pressing seams to one side. Make four units like this. Trim these squares to 3 1/2 inches.

Lay out all units as shown. Sew three horizontal rows, alternating pressing directions by row. Join the rows and you have a finished 9 1/2 inch square.
