

The Little Cedar Tree

This pattern makes a 6 inch block. The comfort committee is in need of quilts with a more masculine theme.

Use a cream background for the LIGHT squares. You will be making half square triangles. So why not create a whole bunch of them and have several squares to turn into the comfort quilt committee.

Create 2 half square triangles with a dark (masculine print) side and a white side using your favorite method for half square triangles. The two finished half square triangles need to measure 3 1/2 "by 3 1/2 ".

Arrange the squares according to the picture.

Sew the squares together in rows, then the rows together to create your block.

Finished Little Cedar Tree Block for October.

The instructions for this block can also be found at www.quilterscache.com/T/TheLittleCedarTreeBlock.html
