

March 2018 Comfort Block

Bright Kid Print

- A - Two 2 ½ X 6 1/2 inch rectangles
- Two 2 ½ inch squares

White or white on white:

- B - Three 2 ½ inch squares (1 center square and 2 corners)

Sew white center A - 2 ½ inch square to each side of Color B 2 ½ inch square.

Draw a line diagonally on the two remaining white 2 ½ inch squares.

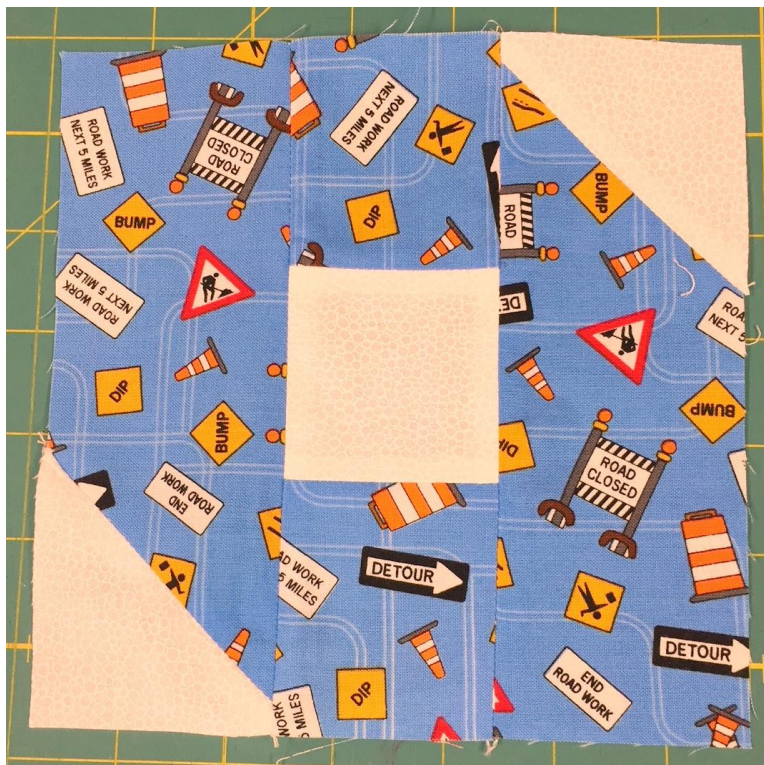

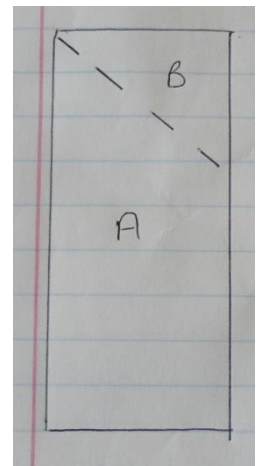

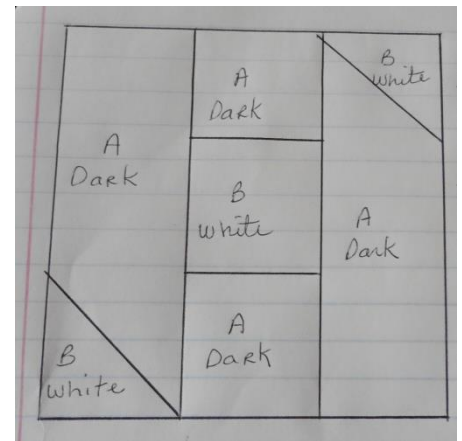

Sew one 2 ½ inch white square to the corner of each B - 2 ½ inch X 6 ½ inch rectangle on the diagonal line.

Trim the excess and press the white square to the outside. Diagram shown below.

Sew the sets together.

Finished square measures 6 ½ inches.

While you are making one, make several for a great kid's comfort quilt.

*I know that this Light color looks yellow but it is really a bright white on white. Editor's photo problem.
