

Box Kite

The Comfort Quilt committee still needs squares that would make good juvenile quilts. This block will make up beautifully in kid prints. For the light half of the half square triangles, please use a cream tone or tone on tone.

Cut four 5 inch squares from cream fabric
Cut two 5 inch squares from featured print
Cut two 5 inch squares from a dark contrast
Cut one 4 ½ inch square from the featured print

Putting right sides together, make half square triangles from the 5 inch squares.

Cut them apart and trim them to make 4 ½" squares. Arrange the squares as in figure shown below.

Sew the rows together and then join the three rows to create this 12 inch block.

If you need further directions this block is listed at

<http://www.quilterscache.com/B/BoxKiteBlock.html>.

Happy Sewing and remember to sign up for volunteering at the Seaport Quilters' Quilt Show.
